Parents and Citizens Association**

**ALBANY  
CREEK  
STATE  
HIGH  
P&C**

**Student Centre Fund Parent Contribution**

*Albany Creek State High School Parents and Citizens Association plays an active role in supporting the improvement and care of school facilities. As a parent of a student at our school you can support the P&C in its endeavours with a donation.*

Projects currently planned include:

- Air Conditioning classrooms
- Landscaping the front entrance to the school (to include wide pathway entry, additional bus shelter, fencing and provision of additional car parking facilities and lighting)
- Additional shade and seating areas for students
- Additional handball courts

In the past, the Student Centre Fund has been used to upgrade and maintain the MPC. We would like to have greater impact across the school to further enhance facilities for students.

*Albany Creek SHS P&C is endorsed as a DGR (Deductible Gift Recipient) by the ATO as a school building fund. This public fund is established and maintained solely for providing money for the acquisition, construction or maintenance of a building used, or to be used, as a school or college.#*

**People who make gifts or donations to a DGR are able to 'deduct' those donations from their own income for tax purposes.** How much you give is your choice. We would greatly appreciate a donation of \$50 per family towards these projects, although any donation small or large would be welcomed.

As an incentive, three families will win a \$25 Tuckshop Voucher drawn from tax deductible contributions received at school by **30 June 2017**. The draw will take place at the P & C July General Meeting and winners notified by email.

**Thank you for supporting the future development and maintenance of the Buildings at Albany Creek State High School**

*Please return this form and payment to the P&C box at the Administration Office, Albany Creek State High School in a sealed envelope marked: "Student Centre Fund Parent Contribution"*
